BULLETIN OF UNEMPLOYMENT AND SICKNESS BENEFITS STATISTICS

SEPTEMBER, 1946.

1. GENERAL

This summary, issued by the Commonwealth Statistician (Dr. Roland Wilson), covers the operations of the Unemployment and Sickness Benefits Act, 1944, during the month of September, 1946 and the three months ended September, 1946.

The Act provides for the payment of benefit to persons whose normal earnings have been interrupted through unemployment or temporary incapacity. The Act also provides a third class of benefit - designated Special Benefit - which gives a measure of assistance to those persons who, on account of some special circumstances, cannot comply with the statutory requirements relating to unemployment or sickness benefit, and who are prevented from earning a livelihood and are in need.

The numbers of recipients of benefit do not embrace the total unemployment and sickness in the community. Unemployment or sickness of less than seven days' duration is not covered due to the provision in the Act of a "waiting period" of this length of time during which no benefit is payable. Permanent incapacity is not included as this is covered by the Invalid and Old Age Pensions Act. The application of a "means test" excludes another group from benefit. The inclusion of claims rejected - see 2(i) below - completes the coverage of all persons applying for benefit, irrespective of whether their claims are approved or rejected.

The number of "persons on benefit" in this summary related to principal beneficiaries who would normally be breadwinners. Dependants of such beneficiaries are not included.

The information contained in this bulletin has been compiled from data made available by the Department of Social Services.

Due to delay in the receipt of information in respect of some beneficiaries, the figures are preliminary and subject to revision. This applies particularly to discontinuances and results in persons on benefit at the end of the month being overstated.

2. SUMMARY

(i) Claims Rejected: The number of applicants for benefit whose claims were rejected during the three months ended September, 1946, is shown in the table below. No further dissection of these rejected claims has been made but it is hoped to extract further information in the near future.

(a) Increase in largely due to delayed advices received from Queensland in respect of power rationing cases which should have been admitted and discontinued during July, 1946. It is hoped to allocate these to their correct month in the October bulletin.

Note: For monthly figures from July 1945 to June 1946, see July 1946 Bulletin.

3. BENEFITS PAID.

The benefits paid in respect of each class of benefit in each State during September, 1946, and the three months ended September, 1946, are shown in the following table:-

4. BENEFITS DISCONTINUED.

3.

(i) Duration: The number of weeks during which benefit was paid for each of the 29,729 cases of benefit discontinued during the three months ended September, 1946, is shown in the following table:-

DURATION OF BENEFITS DISCONTINUED DURING
THE THREE MONTHS ENDED SEPTEMBER, 1946 : AUSTRALIA.

TOTAL:	15,525	2,632	18,157	9,562	1,866	11,428	25,197	4,532	29,729

(a) Includes Special Benefits (110 males, 34 females, 144 persons).

Of the 29,729 benefits discontinued during the three months ended September, 1946, 10,225 (34 per cent.) were in receipt of benefit for five weeks and over, 11,965 (40 per cent.) for four weeks and over, 14,346 (48 per cent.) for three weeks and over, 17,303 (58 per cent.) for two weeks and over, 24,637 (83 per cent.) for one week and over, whilst 5,092 (17 per cent.) received benefit for less than one week.

Average duration of unemployment benefits discontinued was shorter than that of sickness. Twenty-two per cent. of unemployment and 9 per cent. of sickness cases were in receipt of benefit for less than one week, whilst for durations of less than three weeks the percentages were 61 and 37 per cent. respectively.

(ii) Reasons for Cessation: Of the 18,157 cases of unemployment benefit terminated during the three months ended September, 1946, 17,188 (94.7 per cent.) secured employment or failed to report (which in most cases means that the beneficiary has resumed employment without advising the Department of Social Services), 530 (2.9 per cent.) transferred to Sickness Benefit or to another district and 150 (0.8 per cent.) transferred to Rehabilitation Allowance.

Of the 11,428 cases of sickness benefit terminated, 9,929 (86.9 per cent.) recovered from their illness and presumably resumed employment, 507 (4.4 per cent.) were classified as permanently incapacitated which, in practically every case, means that they were transferred to Invalid Pension, 471 (4.1 per cent.) transferred to Unemployment Benefit or to another district and 193 (1.7 per cent.) died.

5. PERSONS ON BENEFIT AT END OF SEPTEMBER, 1946.

TOTAL PERSONS.

(i) Proportion per 10,000 in Employment: The proportion of persons on benefit at 30th September, 1946, to the estimated number of employees in employment was approximately 77 per 10,000, comprising 36 unemployment, 40 sickness and 1 special cases per 10,000. The following table shows the proportions for males and females separately:-

(b) Includes Northern Territory.

(iii) Ages: Distribution of beneficiaries at 30th September, 1946, according to age groups is shown in the following table:-

GROUPED AGE : PERSONS ON BENEFIT AT 30TH SEPTEMBER, 1946 : AUSTRALIA.

Grouped Age (as at 31st Dec., 1946)	Unemployment			Sickness			T o t a l(a)

TOTAL:	8,298	379	8,677	7,497	1,900	9,397	15,844	2,418	18,262

(a) Includes Special Benefits (49 males, 139 females, 188 persons).

The above table shows that the incidence of unemployment and sickness amongst males is greater in the higher age groups, 59 per cent. of the unemployment and 60 per cent. of the sickness cases occurring in ages of 40 years and over. The decline in numbers of females over the age of 24 years is due to the smaller numbers in employment in these groups, through large numbers quitting their employment on marriage.

6. UNEMPLOYMENT - CLAIMS ADMITTED DURING THE THREE MONTHS ENDED SEPTEMBER AND PERSONS ON BENEFIT AT END OF SEPTEMBER, 1946.

(i) Cause of Unemployment: The following table analyses the reasons for termination of employment as stated by beneficiaries admitted to benefit during the three months ended September, 1946 and by those who were on benefit at 30th September, 1946:-

Discharges and lay-offs are separations on the initiative of the employer, the broad distinction being that a discharge is final and there is no likelihood of the person being re-engaged, at least in the near future. A lay-off is a separation of a temporary nature with the idea that the job will be available again for the employee as soon as circumstances permit.

Quits are separations which take place on the initiative of the employee.

This classification was adopted as from 1st July, 1946. Many benefits admitted prior to this date could not be allocated to either discharges or lay-offs because of an inadequate reason being stated. They have been included under the head "inadequately defined". The numbers under this head will diminish as these benefits are discontinued.

(ii) Industrial Groups: In the following statement is shown the distribution, according to main industrial groups, of those who were in receipt of unemployment benefits at 30th September, 1946. For comparison, figures at 31st August are added.
